

Ebenezer Baptist Church

August 2024

Finding Your Way

Do you know how to use a compass?? Are you able to navigate a terrain map with nothing but a compass?

We ask, "WHY would I need that?? I have my smartphone!! It even HAS a Compass app!!"

What would you do if our technology failed us.. If cell towers were down or non-existent and you were stranded in the middle of nowhere ... With nothing but a map ... What would you do??

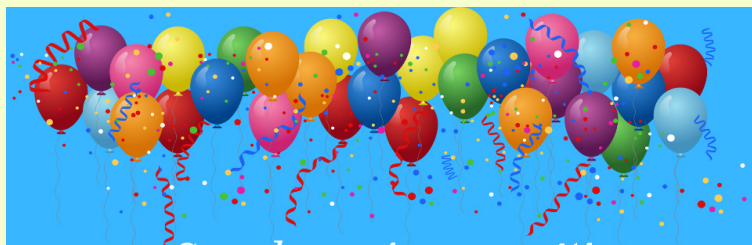

Most of us would be in trouble. However, in the Civil Air Patrol, we train cadets and adults to be able to properly read maps and navigate with a compass. I have gone through a few of those classes, and they are fun!! And I hope I never have to use those skills because civilization has fallen and/or technology has failed!! But if I had to navigate that way, I could

We are in a spiritual time of great distress. There are so many sources and so much technology trying to direct, influence, and manipulate our steps. We must be very careful about which MAP and COMPASS we are using. The maps and compasses recommended by the world CAN and WILL FAIL.

Please understand that God has given us everything we need to follow Him if we will only use it!!! SALVATION ... FAITH ... THE HOLY SPIRIT ... GOD'S CALL ON YOUR LIFE ... It all ties together and could very well save us a world of heartache if we will just learn how to navigate with these tools ... The right tools

Don't be caught in the turmoil of life without knowing the RIGHT WAY to find your way.

David

Sunday, August 4th
